Serving Members and Their Country

January 2013

The Genesee Valley Chapter will be hosting the 2013 New York State Council of Chapters Convention on Monday, Tuesday and Wednesday, October 14, 15 and 16. We will convene at the Inn on the Lake Waterfront Resort and Conference Center in beautiful Canandaigua at the north end of Canandaigua Lake.

Chapter president Jerry Luzum has appointed a committee and issued a mandate to ensure a productive and satisfying convention experience for everyone who attends. October is the ideal time of year to enjoy the upstate foliage and to visit the several points of interest the committee is planning for the attendees. A lot more information will be forthcoming on activities and programs via news bulletins like this. In order to have a successful convention, we need lots of people. The best way to do that is to give plenty of notice and make you want to be there. You now have plenty of notice. We are working on the rest. Don't be left out. **Save the date!**
